May 12, 2015

The Ohio Department of Public Safety is pleased to present the 2014 Ohio Traffic Crash Facts Book, an in-depth highway safety statistical profile and analysis compiled from data supplied by law enforcement agencies from across the state. This annual report provides a comprehensive look at the driving behaviors, facts, and circumstances of traffic crashes on Ohio's roads. It is aimed to assist the Ohio Department of Public Safety, local law enforcement agencies and other public safety partners to help determine and allocate resources to improve highway safety in Ohio.

The number of fatal traffic crashes has fallen below 920 for two straight years, making them the safest years ever on Ohio roads. In 2014, the state recorded 282,368 total traffic crashes. Traffic deaths increased to 1,008 persons killed in 919 traffic crashes compared to 2013 with 990 persons killed in 918 crashes.

The collaborative effort between all public safety agencies has had a significant impact on the amount of persons being killed on our roadways; however, there is still work to be done. In 2014, alcohol impaired drivers were involved in approximately 30 percent of all fatalities, and 567 motor vehicle occupants sustained fatal injuries in traffic crashes because they didn't wear available safety equipment. The prevention of alcohol involved fatal crashes and increasing the voluntary usage of safety belts and helmets continues to be a primary focus of the Ohio Department of Public Safety.

It is our hope that you will use these statistics to help educate, encourage and promote safe driving in our state. The collaboration between agencies across all disciplines shows the level of commitment we all have towards making the roadways safer within our communities and Ohio a safer place to live.

Sincerely,

John Born, Director
Ohio Department of Public Safety

Mission Statement

"to save lives, reduce injuries and economic loss, to administer Ohio's motor vehicle laws and to preserve the safety and well being of all citizens with the most cost-effective and service-oriented methods available."

An Equal Opportunity Employer

Ohio Department of Public Safety

At a Glance

- Approximately **2.5** fatal crashes each day.
- Approximately **2.8** persons were killed each day.
- One person was killed every **8.7** hours.
- There were **275.5** persons injured every day.
- One person was injured every **5.2** minutes.
- Of drivers involved in crashes, **54.9 %** are males, **42.7 %** are females, and **2.5 %** are gender not stated.
- Alcohol impaired drivers were involved in **4.37 %** of all crashes.
- Alcohol impaired drivers were involved in **29.46 %** of all fatalities.
- **70.4 %** of all alcohol impaired drivers involved in crashes were males.
- **65.1 %** of all crashes occurred during the daylight.
- Motor vehicle crashes killed **27.0** children and injured **7,775.0** children through age 14.
